

Substance Use Recovery and Workplace Safety Program

In partnership with Governor DeWine's **RecoveryOhio** initiative and brought to you by your local **Alcohol, Drug Addiction and Mental Health** board and the **Ohio Bureau of Workers' Compensation**, this program reimburses employers for:

- Development and legal review of employer policies and procedures about substance use issues.
- Training for employees to understand substance use and their employer's related policies.
- Training to equip supervisors and managers to better manage employees in recovery.
- Drug testing for prospective and current employees for employers with recovery-friendly "second chance" testing policies.

Employers have jobs to fill but hesitate to hire workers with a drug-use history and in active recovery. Many of these workers want to work, but need the opportunity. Working together we can achieve positive results for everyone.
