**Description**

**NOTE:** This course works best with Google Chrome. Does not work with Internet Explorer.

**Who should participate**

Young people who are or will potentially be entering into the workforce soon as well as those that manage or work alongside younger workers.

**You will learn:**

- The rights and responsibilities you have to keep yourself and others safe.
- How to identify and navigate different types of hazards.
- Proper use and care for different types of Personal Protective Equipment (PPE).
- Tips to avoid injuries in the workplace.

**Credits**

**BWC Program Credit (online hours):**  
1.5

## Tips for completing online courses:

Online courses should be taken in one sitting as bookmarking cannot be guaranteed. Bookmarking requires two-way communication to and from your computer and cookies, which are commonly disrupted by local network or machine security protocols. Most users do not have the ability to change or control these settings. We strongly recommend you print out the final screen that shows your score at the end of the course in case data blockages caused by anti-phishing or anti-virus software prevent your completion information from being transferred back to our system. If this occurs, scan and email the post-test results to [dshcc@bwc.state.oh.us](mailto:dshcc@bwc.state.oh.us) to verify completion. Please include the policy number and the first and last name of the person that completed the course. The account will be updated within a business week.

### Online Learning Requirements Special requirements

- Internet access.
- Latest version of Adobe PDF Reader.
- Browser cookies enabled.
- JavaScript enabled.
- Pop-up blockers disabled.
- Google Chrome preferred.
- Internet Explorer not recommended.
