

Prevent Falls in All Industries

INSTRUCTORS

Deb Bailey
Cari Gray
Eric White

Deb, Cari, and Eric are safety consultants for BWC's Division of Safety & Hygiene. Collectively, they have nearly 80 years of safety experience in construction, manufacturing, healthcare, chemical, and more. Slip, trips, and falls are a main issue in all industries, and you're invited to join us to learn a new approach to preventing them!

Join BWC in OSHA's Annual Stand-Down to Prevent Falls Campaign

10:30 a.m. - 11:30 a.m.

May 4, 2021

Falls are a major cause of workplace deaths and injuries. BWC's Annual Fall Stand-Down efforts often focus on construction, but this year's event will focus on slips, trips, and falls across all industries. Following the national OSHA event kick-off, we will discuss strategies for preventing slips, trips, and falls using the hierarchy of controls. Employers will be challenged to act and get involved, and discover valuable resources to use in the future.

Who Should Attend?

Employers having workers who walk, use steps, and climb to any height; supervisors, safety managers, and owners.

- When your registration is complete, you will receive a confirmation email with instructions for joining the webinar. It is recommended that you click the link within your email approximately five minutes before start time.
